Street & Alley

Highland's Street & Alley (ST & A) division consistently provides cost-effective, high-quality services to the citizens of Highland to create a high standard of living for the community. Staffed by a seven man crew, the ST & A division maintains more than 65 miles of roadways and over 35 miles of sidewalks. The division is also responsible for maintaining the City's storm sewer system, and street signs.

The Street & Alley Division's day-to day duties include, snow removal, grass mowing and weed spraying within the right-of-way, street sweeping, tree pruning, and mosquito abatement. In addition, this summer there are plans to replace pavements in various locations around town. Storm sewer work is scheduled for Dolphin Drive, Sunflower Drive and Paradise Drive. A part of summer duties include assisting various clubs and civic organizations with signs and road closures for their events, as well as additional street sweeping in preparation as well as late night clean up.
